RELEVANT EXPERIENCE

Jan 2004-Present

Oil & Gas Consultant/Legal Assistant- The Law offices of Ralph A. Cantafio, P.C., Steamboat Springs, CO.

- Research for and assist oil & gas clients pertaining to leases, surface use agreements, pipeline easements and mineral ownership.
- Advise clients as to their legal rights in the oil & gas industry in Colorado.
- Implement an ongoing advertising campaign for oil & gas services offered by the firm.
- Write a monthly oil & gas information publication for subscribers and clients, including current industry events and information, oil & gas index pricing, and permit-to-drill maps.

July 2003- Jan 2004

GIS/Cartographic Research Assistant- University of Northern Colorado, Greeley, CO. Position for Map Resources for the Historical Geography of Colorado grant, funded by The National Geographic Society.

- Researched the history of agriculture, infrastructure and economic development of Colorado dating from the mid eighteen hundreds.
- Developed a database to associate with GIS mapping operations, aided in final map layouts and obtained needed historical data.
- Participated in the development of lesson plans directly relating to the historical maps of Colorado to be utilized by secondary teachers across Colorado.
- Project will be available via the Internet as a teaching resource in fall of 2004.

Jan 2003 – June 2003

GIS Specialist Intern- City of Steamboat Springs, Steamboat Springs, CO

- Developed a subdivision layer for the City of Steamboat Springs GIS, based on the current parcel layer.
- Attributed 90% of the city's parcels with a subdivision name and verified the accuracy of the parcel layer, created a final layout for the printable subdivision map.
- Position enhanced my knowledge of GIS software; insight into the inter workings of a local government and the ability to understand and analyze survey level plats.
- Responsibilities included investigating the location and accuracy of subdivision documentation by working with the Assessor's office, Clerk and Records office and other government entities.
- Subdivision maps available via the Internet at <http://www.ci.steamboat.co.us/internet/catalog.htm>, north and south Steamboat Subdivision map link.
